

Time Table for Backflow Assembly Testing Letters

April 15, 2024 1st letter: Notification to have annual backflow test performed on all irrigation accounts and other backflow assemblies that are due at this time and reports filed with BSI Online by May 15th, 2024.

May 16th, 2024 2nd letter: Notification sent to customers that backflow test and report filed with BSI Online is past due, giving them another 15 days to comply.

Final Notice letter: This letter is sent by Urbandale Water Utility to the customer notifying them that they have 10 days to have their backflow tested and the completed test report submitted to BSI Online or their water could be turned off.

If your test is scheduled after May 30th, 2024 please contact Nick Pingel at 515/331-6838 or email npingel@urbandalewater.org with the name of testing company and test date to be granted an extension.

If you do not plan to use your irrigation system this season a 1 year waiver can be given by contacting Nick Pingel 515/331-6838 or email npingel@urbandalewater.org.
